

# Engine & Compressor User **Bill of Rights**

*You have the RIGHT to buy high quality, reliable parts as a competitive alternative to OEM (Original Equipment Manufacturer) parts.*

*You have a RIGHT to use these quality parts and know that your OEM warranty claims will be honored by United States law. In fact, the OEM may not reject a warranty claim because another manufacturer's part is present. For confirmation, call the USA Federal Trades Commission at 202-326-3128. Your RIGHTS are protected by the Magnusson-Moss Warranty Act 15 VSC, 2302.*

*You have the RIGHT to use non-OEM manufacturers for your parts and service. EnDyn is the leader in aftermarket PowerParts® and Services for Superior® and Ajax® engines and compressors. These PowerParts® and Service satisfy all OEM specifications and the world's most discriminating customers.*

*For additional information or the location of the nearest authorized PowerParts® Distributor, contact our website at [www.endyn.com](http://www.endyn.com).*
